

Principal Biostatistician

Job ID
REQ-10012580
Jun 20, 2024
China

About the Role

Key Responsibilities

- Provide input on statistical scientific and operational aspects of the planning, design and reporting of trials/programs
- Provide statistical expertise to support submission activities and documents, meetings with and responses to Health Authorities and other drug development activities, as required
- Collaborate with clinical, regulatory and other strategic functions to drive quantitative decision making. Explain statistical concepts in a manner easily understood by non-statisticians
- Collaborate cross-functionally (e.g., data management, programming, medical writing) to ensure timelines and quality of statistical deliverables
- Identify, evaluate, and promote the use and acceptance of innovative methods within and outside the organization, , through scientific collaborations, publications in scientific peer reviewed journals, presentations and chairing sessions at professional conferences

Commitment to Diversity and Inclusion / EEO:

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

Essential Requirements:

- MS or PhD (in Statistics or equivalent) with relevant work experience (depending on the level of the position)
- Fluent English oral and written
- Good communication and presentation skills
- Knowledge and expertise in Statistics; Skilled in statistical software packages (e.g. SAS, R)
- Able to work with a multidisciplinary team to achieve team's objective; Strong knowledge of drug development and Health Authority guidelines
- Effective utilization of innovative statistics and quantitative analytics to influence assigned trial/program team decision

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a

community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
